

## REMOTE GUARD TOURS

## REMOTE GUARD TOURS AND VIRTUAL SECURITY

TEKWAVE Solution's Remote Guard Tours takes traditional guarding rounds and adds our video platform for easy and effective patrolling. Our platform offers the ability for a monitoring station to access the camera streams and view each panel for an allotted amount of time. The monitoring station can then take pictures of each camera at the time of the tour and have action items based on the activity during the remote guard tours.

### Reduce Manpower

Eliminate onsite human capital by securing your site remotely.

- Perform onsite guard tours
- Active prevention
- Reduce recurring cost

### Maintain Security

Cover your entire site with the click of a button.

- Task lists for video tours
- Snap shots of each round
- Talk down speakers

### Reports and Analytics

View trouble areas and watch trends captured by remote touring.

- View heat map of "trouble areas"
- Reports emailed with snapshots
- See what actions are taken
