

SENSOR DATA COLLECTION

AUTONOMOUS SENSORS AND DATA COLLECTION

TEKWave Solution's Sensor offering is the next step in the IoT advancement. We offer over 40 different sensors ranging from humidity, GPS, door open/close, temperature, etc. Our sensors works together with our customizable rules engine to give you optimal oversight over key areas, processes, equipment, and personnel. Integrate this into the rest of our IoT platform for complete and total monitoring to increase security, reduce costs, capture trends and metrics to better your operations and efficiency.

IoT Platform

Aggregate all devices and data through our complete solution

- Over 40 different sensors
- Advanced sensors (cameras, etc.)
- Easy wireless set-up

Alert Notifications

Customizable rules engine send texts and email alerts

- Configure alerts settings
- Instantly receive updates
- Pictures and videos of subject

Analyze Trends

Streamline operations with our customized analytics platform

- Auto report emails and scheduler
- Decrease operational costs
- Increase security and efficiency
